Preface

Welcome to the "Open Identity Summit 2022", which has been jointly organized by the Special Interest Groups BIOSIG within the German Computer Science Society (Gesellschaft für Informatik) and the Technical University of Denmark.

The international program committee performed a strong review process according to the LNI guidelines with at least three reviews per paper and accepted 50 % of the 16 submitted papers as full scientific papers.

Furthermore, the program committee has created a program including selected contributions of strong interest (further conference contributions) for the outlined scope of this conference.

We would like to thank all authors for their contributions and the numerous reviewers for their work in the program committee.
